Our Egypt tours offer Luxor attractions for our dear seniors and wheelchair users.

ITINERARY

1 Trip Details

Golavita travel guide will pick you up at your hotel lobby early morning to start your full-day tour to the capital of Egypt during the New Kingdom, Luxor.

Actually, Luxor has the top Egypt attractions in the south, including Tutankhamun's tomb in the Valley of the Kings. You will start your Egypt tours in Luxor on the west bank of the Nile, where you will visit:

[Valley of the Kings](#)

It is the second most visited place in Egypt after the [Giza Pyramids](#), with its amazing 62 tombs carved inside the mountain. Explore three tombs included in your ticket where you will admire the ancient religious books like the Book of the Dead, Book of Imy Duat, Opening of the Mouth, and Book of the Day.

[Hatshepsut temple](#)

A unique temple on Luxor's west bank with three terraces, including the famous Anubis chapel, Hathor chapel, and Punt Expedition.

[Memnon Colossi](#)

The colossi of Memnon are two of the biggest statues we have in Egypt for Amenhotep III from the 18th dynasty. The statues were decorating the entrance of his mortal temple but it is in ruins now.

Enjoy a very tasty lunch at a very nice restaurant on Luxor's east bank as part of your Hurghada excursions.

[Karnak temple](#)

End your Egypt day tours to Luxor with the Karnak temple complex, where you can admire the great Hypostyle Hall, Hatshepsut Obelisk, Sacred Lake, and the Red Chapel of Hatshepsut. Karnak Temple is the biggest religious building and a great source of ancient Egyptian history. At the end of your Marsa Alam tours to Luxor, your drive will drive you back to your hotel in Marsa Alam.
